(Special to The Times-Dispatch.) NORFOLK, VA., July 23.—One faction of the Norfolk county Democrats held a meeting yesterday; another held its meeting to-day. Both determined to hold Demceratic primaries for the nomination of Delegates to the House for the fall elction. One faction is known as Fusionists the other as Straightouts. The Republicans announce that they will put up candidates for the first time in many years for the Legislature. The Fusionists have practically nominated by endorsing Owens and William G. Parker.

YOUNG EXCURSIONISTS FINED.

R. L. Powell, L. C. Barrow and J. G. Morris appeared, scared and contrite, in the Police Court this morning. They were arrested late yesterday in the Gladstone Hotel for fighting. The statement was that they persisted in entering the apartment reserved for ladies. When intercepted by the colored servant they assaulted him, beat him, made a great noise and created a panic in the hotel. Meantime the waiters from the dining-room to the number of eight, came to the rescue of the colored man, and two friends reinforced the young white men. The fight was conducted with glass and chinaware from the dining-room tables.

The young men declared that they were insulted by William Hester, an old and respectable colored employe of the hotel. Justice Taylor would not accept that as an excuse for the row, and fined the three young men, who said they were from Blackstone, with the excursionists from that place, \$10 and costs each. One of their friends paid the fines, amounting to \$35.25, and the men were discharged.

BODY OF BOY FOUND.

The body of the drowned boy, Willie Marshall, colored, was pulled out of the water with oyster tongs in McCullough's silp at 7 o'clock this morning. It lay at the bottom of a sand pile, where the schooners unload their cargoes. The sand falls from the bulkhead into the water and forms an incline, from which the boys can dive. The water is never less than twelve feet deep there, so that if the boys are not careful they slip from the sand pile into deep water suddenly. If they cannot swim they are in danger of drowning, Marshall is the second victim of the slipping sand pile this summer.

bearing on Sunday-school and church work will be discussed by the many minlisters and laymen present.

There will probably be no opposition to Hon. Henry T. Wickham for the State Senate in the district composed of Caroline, Hanover and King William counties.

Mr. Wickham is the leader in the Senate, being chairman of the Finance Committee, with a long record for efficient service, and is immensely popular all over his district. He has represented the district for a number of years and the people in the adjoining county of Caroline, as well as in other parts of the district, are proud of his record. It is thought that he will have no opposition from either party in the general election in November.

Thirty-two of the Fifty-two Have Applied for Reinstatement-Remarkable Communication Printed. Fell from Roof and Killed.

(Special to The Times-Dispatch.) PETERSBURG, VA., July 23.—The fol-lowing communication, published in the local papers to-day, is probably the most unique that has appeared during the street car strike:

"On Friday, July 2d, a communication signed by me was published in the Daily Progress, in which I stated that I did not make application to Mr. Harvill, superintendent of the Virginia Passenger and Power Company, for position as motorman. I wish to state that I did make application to Mr. Harvill for position as motorman, and regret very much that I was persuaded to say that I did

The statement made by Mr. Harvill that Barrett, one of the strikers, had applied to him for his position as motorman was published in The Times-Dispatch July 3d, and that afternoon a communication vigorously denying this was published in the local papers, signed by Barrett, who further said that Mr. Harrill had been trying to get him to return. No further notice was taken of the affair, and only those who did not know Mr. Harvill gave any credence to the signed statement. Barrett was told that he could never again work for the company till he had made amends for his conduct, and the above communication is the result. He is now in his old position.

The office of the company was besieged by their former employes this morning making applications for positions. Of the fifty-two men who went out on the strike thirty-two have made applications to the company to be reinstated. Of this number twenty-one are now working for the company, and there are no more vacancies. Doubtless some of the new men will, at their request, be transferred to Richmond. The company will give their former employes positions as soon as possible, but there is not room for all. Thus the strike in Petersburg is over, and no act of violence of any kind has been perpetrated.

The following are the names of the strikers who have been given positions: Motormen—E. E. Jounson, Charles Slate, A. H. Brady, Ed. Emory, Frank Gallion, W. E. Thayer, G. Barham, R. T. Barrett, H. Wood, G. Kirkland.

A BRIGHT OUTLOOK FOR THE FRUIT MEN

The Apple Crop in Europe is Practically a Failure.

Dispatch correspondent to-day called upon Mr. William Crossley, of the firm of D. Crossley and Sons, fruit shippers, with main offices in New York and Liverpool, Mr. Crossley has Just returned from France and England, where he has been inspecting the apple crop, and he is now visiting the apple growing sections of Virginia with a view of making large shipments of apples.

Said Mr. Crossley:

"The apple crop in England and throughout Europe is practically a failure, due to late frosts and heavy rains. The crop in the northern part of the United States will be only an average one, and the West will gather no more apples this summer and fall than will be needed for home consumption. But in Virginia the crop is a very big one, perhaps, the largest in the history of fruit-growing in this State. The production is not only tremendous, but the fruit is fine. Virginia apples, and especially Virginia pippins, have always sold better than apples raised anywhere else. This year the sales will be the largest ever known, and more Virginia apples will be exported to Llevrpool, the great apple-buying port, than ever before."

In speaking of the large profits made on Virginia apples, Mr. Crossley said:

freat apparencying port, than ever her fore."

In speaking of the large profits made on Virginia apples, Mr. Crossley said:

"There is a marked tendency now for the apple-growers to ship their crops direct to the markets instead of selling to speculators. This is an excellent tendency, because in this way the farmers and fruit-growers obtain greatly increased prices for their fruit."

Mr. Crossley says that undoubtedly a great day is coming for Virginia in the fruit-growing industry.

Baptist Association this afternoon closed its sessions of three days, after one of the most enjoyable and harmonious meetings in its history.

The morning session was opened with devotional exercises by Rev. J. T. Tucker, after which Mr. B. J. Peasants, of Ashland, was elected delegate to the Southern Baptist Convention.

R. A. Gary presented the report on orphange, Since the orphanage at Salem was started 213 children have been cared for, and 139 children are now in that beautiful and healthful home. The institution is maintained at a cost of nearly \$10,000 annually, but the receipts this year have not reached that amount. From 978 churches, 333 Sunday-schools, and a church membership of 125,000, it is confidently hoped that the necessary funds for the maintenance of the orphange can be obtained without much self denial. The report was discussed by R. A. Gary, W. T. Hundley, H. A. Willis, R. B. Hundley, G. H. Shuff, B. J. Pleasants, T. H. Ellett and George Cooper, and adopted. Dr. W. E. Dodd, of Randelph-Macon College was recognized.

After a lengthy discussion of the report on the state of the churches, was finally adopted.

Dr. Pitt read the report of woman's work, which shows that \$3,431,28 was collected by them for the temperance cause. The report on temperance was also pre-sented by Dr. Pitt, and after a brief dis-

sented by Dr. Pltt, and after a brief dis-cussion was adopted.

HOME MISSIONS.

The report on home missions was pre-sented by W. F. Dunaway. The 671 mis-sionaries report gratifying results from their labors, hawing under their control 3,133 churches. They delivered 85,335 ser-mons and addresses, held 12,232 prayer meetings, made 163587 religious visits and haptized 8,963, and received 9,716 by letter; total addition, 18,69. They organized 127 churches, 349 Sunday-schools, built and improved 250 houses of worship, distri-buted 17,903 Bibles and Testaments, and 3,044,588 pages of tracts. The total amount 3,044,888 pages of tracts. The total amou

buted 17,903 Bibles and Testaments, and 3,044,888 pages of tracts. The total amount, of cash received from regular sources to carry one the work was \$105,651.53, an increase of \$3,111.30 over the previous year. In addition to this \$1,490.45 was received from the church building loan fund. The Women's Missionary Union has inaugurated a \$20,000 I. T. Tichenor memorial inconnection with this fund, and has already pledged about \$1,400 for home missions. About \$200,000 will be required to carry on the work another year.

The report on foreign missions states that during the last conventional year there were 1,791 baptisms in foreign fields, 37 over last year, and more than double the number five years ago; total membership \$,880, or nearly double five years ago. Southern Baptists contributed last year \$218,512.62 for foreign missions, which is more than ever given before, or double five years ago. Or that amount Virginia Baptists gave \$28,504.23, or more than one-eighth of the entire amount. The band of workers was increased by twelve missionaries and twenty-one native workers. Next year \$300,000 will be required for the work, of which Virginia Baptists are expected to contribute \$40,000.

LEXINGTON, VA., July 23—The congregation of the Methodist Episcopal Clurch, South, at Rockbridge Baths, twelve miles west of Lexington, has tarted a movement for the erection at that point of a new church, to be known as the Bishop William Taylor Memorial Church, in honor of the late Bishop William Taylor, the noted missionary to Africa. Africa.

Bishop Teylor was born and reared

Africa. Bishon Teylor was born and reared in that neighborhood, and was a communicant of the old log churca which stood where the brick churca of the present is located. Here it was that Bishop Taylor as a young man joined the church, and in the old log structure he was licensed to preach.

The present plan is to solicit contributions from the friends of Methodism overwhere. Bishop Taylor was a member of the Methodist Episcopii Church, North, and was perhaps one of the most illustrious of all the missionary bishops. The proposed church will contain two memorial windows, one of wilfin will be in memory of the Bishop's father and mother, who are buried near by.

The Rockbridge Lime and Stone Company, of Lexington, Mr. Lawrence Embree, secretary and general manager, have made improvements for the manufacture of a patent process of fertillized lime. Many farmers of Ohio and Pennsylvania strongly endorse the product as being of a very superior quality.

The method is to slake the lime in a practical vacuum, thus preventing any absorption of carbonic acid gas. It is said that the enterprise will be started next month.

THE DISTILLERIES

Residents of Salisbury Do Not Want Them to Locate There.

(Special to The Times-Dispatch.)

SALISBURY, N. C., July 23.—It is learned that several distilleries which have beretofore been operating in this and adjoining counties will make an effort to locate in Salisbury. It is rumored that one or more operators will make application to do business in the West Ward. The residents of this portion of the city are making a strong protest against the movement. It is highly probable that in the event the Board of Aldermen should grant an application the owners will experience some difficulty in a finding ground upon which to do business. For the past four years Rowan county has been besiged by smalipox and the disease has finally been stamped entirely out, the last case having been dismissed some days ago.

The Secretary of State has granted a change in the charter of the Coolemee cotton mills, situated in Davie county, allowing an increase of capital stock from \$50,000 to \$3,000,000.

The hospital at Stateswille will change hands at an early date. Dr. T. E. Anderson and Dr. M. A. Adams will be placed in charge and it is expected that the institution will be equipped for larger work.

The Statesville District Conference closed its annual session Sunday night io meet next early who disappeared last week with a man named Hunter, has remained to her nome where she expects to remain. It is not learned where Hunter is keeping himself.
